

CIAO AMERICA! synopsis

Aldo and Fredo Monelli live in Sicily with their psychotic mother, 6 chickens and a goat. But they're ambitious. They want to be "big singers" in Hollywood and live in Beverly Hills next to all the rich American movie stars.

So they've re-directed Italy's satellite signal to beam their TV variety show to America...and now The Pope wants them DEAD!

In the pilot episode special guest *Dr. Phil* attempts to analyze the Monelli's dysfunctional but beloved "Mama" and is stricken with the "Sicilian Evil Eye" for his efforts.

Everybody's favorite clown *Pipo Pipo* celebrates his 60th anniversary in show business but unfortunately forgot to replace the batteries in his pacemaker.

And Tenor 37 *Enrico Fattso* performs a special "hip hop" opera... you know, for the kids.

Regulars include; the world's only living accordion playing Elvis impersonator *Ciccio "The King"*; "The Most Delicious Journalist" *Sofia Marinara*; and *Grampa "Nonno" Vito* who's been reincarnated as a goat (long story).

CIAO AMERICA!...It's fun for the whole famiglia!
